

Nebbiolo; Aluminium Veranda

Slim, elegant and very competitively priced

The Nebbiolo is number one when it comes to quality and price. This veranda is slimmer than our other models, offering excellent value for money. In the slimline veranda market the Nebbiolo is sturdier than what is usually expected. The in-between beams are fitted with aluminium covers instead of plastic top covers, which makes the covering very sturdy and robust. The Nebbiolo is characterised by a slim, elegant and timeless design.
